

STRUKTURMETALL®

Der Spezialist für strukturierte Edelstahlbleche

CleanVelvet® by STRUKTURMETALL®

- Stainless steel handrail with surface protection!

CleanVelvet is the brand for surfaces requiring light cleaning based on a newly developed technology.

The special feature of CleanVelvet surfaces is the combination of elegant aesthetics with the stability of the non - stick effect.

CleanVelvet is even far more impressive ...

The thin coating film contributes to maintaining the original metallic feel. You continue to feel stainless steel!

Also available with antibacterial effect.

5 years durability with the recommended care.
